Subject: Membership Fee Increase **Date:** September 9, 2022 12:32:14 PM

Attachments: Mighty Peace Tourism Membership Benefits.pdf

Good afternoon - Mighty Peace Tourism continues to strive to align our activities to our region's economic development and we welcome our role as the entity responsible for promoting our beautiful region as a destination for people to visit. This compelling, engaging, and authentic promotion of our region also encourages people to make the decision to reside, work and operate businesses in our locale. Recently, there has been a small decline in our region's population as well as the expected increases in the costs of living and operating expenses. As part of MPT's plan to continue operations in a stable and consistent manner an increase to the municipal membership fees beginning January 2023 has been discussed. Therefore, at the August 29th Board Meeting of Mighty Peace Tourism, the decision was made to increase municipal membership fees annually by approximately 3% on the per capita rate - with the exact amount to be discussed every year. The 2022 per capita cost was \$2.65, this will be increased in 2023 by \$.08 to \$2.73. Mighty Peace Tourism staff have developed new membership documents and a presentation for consideration by municipal councils during the discussion of this rate increase. I have included a link below to the presentation and attached the Membership Information document. Please don't hesitate to contact me if you have any questions or concerns. We are always happy to assist you. Thank you

Request for Decision (RFD) Council Meeting October 18,2022

Topic:
Request for a Tax Exemption, Tax Roll # 115000 - Nampa United Church
Background:
Administration received letter from the NDHS requesting a tax exemption for Tax Roll $\#$ 115000 (Nampa United Church)
Their reason for requesting an exemption is because they are a non-profit organization, however they have a business operating in the Nampa United Church and as per the MGA, that portion of the property is taxable.
If council was to grant an exemption of taxes for the Nampa United Church, the only portion that can be exempted is the Municipal Levy amount, as they are still responsible for the ASFF & NPHF amounts.
Attached Tax Roll # 115000 Attached Letter
Administration Recommendation:
For discussion

RE: Taxation Notice & Property Assessment Roll No.115000 – United Church Application for Property Tax Exemption

The Nampa & District Historical Society, more commonly known as the Nampa museum is asking for a property tax exemption as outlined in the Alberta Tax Exemption Guide of the Alberta Municipal Government Act for the property identified above.

As per the Alberta Tax Exemption Guide the Nampa & District Historical Society is a non-profit group that has been gifted the Nampa United Church which will be primarily used to benefit the general public in the community. As per the guide the <u>resources</u> of our non-profit organization from this "facility are devoted chiefly to the charitable or benevolent purpose for which the facility is used. The funds of the non-profit organization are chiefly used for the purposes of the organization and not for the benefit of the organization's directors and employees."

Looking forward to your response. I would be pleased to answer any questions in this regard or meet to discuss this.

Kind regards,

Irene Bekevich

Bekwich

Treasurer - Nampa & District Historical Society

Name: Agnes Roshuk

Date: October 13/22

Meetings/Events Attended:

Sept 20-23:

Sept 20 was travelling day and the next 2 days were a whirlwind for me. The first course we attended was about small communities thriving. It talked about having a well functioning council. Also, a stable Administration and have good relationships with our neighbors. Another was on council participation, then we had a round table talk with four diverse people, all about inclusion.

The next day was all about voting in the resolutions. That took all day and then we listened to the future Premiere candidates and even then, I thought that Danielle Smith was out to lunch. Hmm who knew She was going to win.

I would go to another one cause maybe then I would feel more comfortable. We met a lot of small-town councillors, just like us who have the same kind of problems like us. Infrastructure is on every body's minds. Next year it is in Edmonton! I think we should all go, then we will have more votes. Just throwing that out there.

Oct-13/22- Ag Society Meeting.

Not much here, except Cymco was late in starting up the plant so the opening date has been extended till Oct. 15.

There was no Library Board Meeting this month but just a reminder... if you haven't bought your ticket on the 50/50 draw, let me know and I will hook you up.

The FCSS meeting was postponed till the 19th

Upcoming Meetings/Events:

Oct 18/22- Council Meeting

Oct.19/22- FCSS Meeting

Nov. 1/22-Library Board

Board Meeting Synopsis for September 7, 2022.pdf

Good afternoon,

Please see attached Board Meeting Synopsis for the Foundation's September 7, 2022, meeting for your perusal.

Also attached is the meeting synopsis for our July 6 meeting, which upon review, we discovered we had not sent out. We did not have a regular meeting in August, as we break for the month.

Best regards,

Tammy Menssa

Board Meeting Highlights September 17, 2022

This summary is designed to keep you informed about Peace Library System (PLS) activities and Board decisions. It is distributed to member councils, library boards and the PLS Board of Directors after each Board meeting.

The Board held a full Board meeting on 17 September, 2022.

Revisions were approved for the following policies: *Finance Policy; Resource Sharing Policy.*

The Nomination Committee was set up for the 26 November elections to the Peace Library Board Executive Committee, Personnel Committee and Plan of Service.

Items for discussion included the Organisational Review that PLS conducted over the summer and what changes would come out of that, as well as a briefing on appropriation fee options.

The CEO reported that visits to member boards have restarted after a break over the summer. She reported that PLS staff had visited the Paddle Prairie Métis Settlement at the invitation of their new CAO in order to assess what needs to be done to re-open that library. Plans have been made and work is underway to get that done. She reported that operating grants for service points had been received and distributed in July, and that the seven Alberta systems will be discussing a combined approach to the Government of Alberta for a request for operating grant increases.

Staff reported a new driver started in Courier and has integrated well. The delivery van replacement schedule has been deferred to 2023 due to reduced inventory and mileage. A Polaris upgrade will occur in the fall. PLS has subscribed to an anti-phishing training module that will be rolled out to staff. 19 libraries participated in the TD Summer Reading program in 2022. The registration is open for the 2022 Stronger Together virtual conference taking place 6-7 October. The Indigenous outreach workers in High Prairie distributed craft kits, made daycare visits, presented a table at the Long Lake Cultural Days and another at the Indigenous Days in High Prairie. A partnership with Grande Prairie Public Library was created for the Celebrate Indigenous Culture event. A presentation was done for the Dene Thá from the High Level area to increase awareness of the resources of their local library.

Long Service awards were presented to Gena Jones, Town of Beaverlodge, Roxann Dreger, Village of Rycroft, and Harry Ezio, Town of Spirit River, for their five years of service on the Peace Library Board.

ALBERTA JUSTICE AND SOLICITOR GENERAL

Office of the Minister MLA, Calgary-Acadia

AR 52496

September 28, 2022

Dear Mayor/Reeve:

The Government of Alberta is recognizing and endorsing the following International Holocaust Remembrance Alliance working definition of anti-Semitism through an order-in-council.

"Anti-Semitism is a certain perception of Jews, which may be expressed as hatred toward Jews. Rhetorical and physical manifestations of anti-Semitism are directed toward Jewish or non-Jewish individuals and/or their property, toward Jewish community institutions and religious facilities."

Thirty-five countries, including Canada in 2019, endorsed or adopted this definition. Along with Alberta, three other provinces: Ontario (2020), Québec (2021) and New Brunswick (2021) have already endorsed or adopted the definition.

The *Alberta Human Rights Act* prohibits discrimination on the basis of several categories, including race, religious beliefs, colour, ancestry, and place of origin.

All forms of racism are unacceptable, and endorsing this definition is just one way Alberta's government is combating racism, supporting racialized communities, and promoting a safe and welcoming province for everyone.

The Government of Alberta is asking all municipalities across Alberta to consider accepting and amending their bylaws to reflect this definition.

Sincerely,

Honourable Tyler Shandro, KC, ECA

cc: Honourable Ric McIver, ECA, Minister of Municipal Affairs

Peace Regional Mental Health and Addictions Task Force

PURPOSE

Recognizing that there is strength in community, the (Peace Regional Mental Health Task Force) believe collaborative leadership is essential to cultivating wellbeing across rural Alberta. Positive local and provincial impacts to community mental health and wellbeing can be achieved by working collaboratively. With each member having unique skills and experience around rural and remote community rural crime and wellbeing, the task force wants to provide a space to collaborate and share ideas to advance community mental health in rural Alberta locally and provincially.

The mental health of the population affects everyone's quality of life. This task force team advocates to all municipal, provincial and federal governments—not just for health—but to play a role in mental health.

PURPOSE OF TASK FORCE PROJECT & NETWORK

The Task Force was created to support our rural communities in their journey to identifying local priorities around mental health/addiction and creating action plans to promote mental health and wellbeing.

PROMOTE EQUITABLE ACCESS TO SUPPORT RURAL MENTAL HEALTH

The Task Force aims to promote equitable access to support rural mental health, because often smaller communities do not receive the same access to training, support, funds and resources as larger urban centers.

The priority areas in each region differ based on history, resources, values, etc. Therefore, principles are applied according to local circumstances, building on a foundation of experience, evidence, and assets while growing local collaboration.

We will create access points for rural communities to learn and leverage other existing projects, services, and training that can serve rural communities. Additionally, we will aim to leverage provincial connections that foster collaboration and coordination, building and investing on the unique strengths, assets, cross community collaborations.

PROJECT PRINCIPLES COMMUNITY-BASED APPROACH

We believe in a community-based approach that bring communities together to set directions, make decision, generate solutions, and tackle implementation of efforts that are meaningful and sustainable to the community.

STRENGTHS-BASED APPROACH

We believe that all communities have assets – people and environments. Every community has people with valuable experiences, ideas, and talents. Every community has physical, natural, social, and digital spaces. These assets are opportunities that can be celebrated and built upon.

WHOLE COMMUNITY VIEW

We believe that mental health and community wellbeing take place in our communities, where we live, work, and play. Therefore, the determinants of mental health are important to consider as pillars of community wellbeing, with all citizens, families, communities, organizations, businesses, and governments playing an essential role.

COLLABORATIVE APPROACH

We believe that setting direction and decision-making is done best when it is done through collective leadership, as no single person or organization can improve wellbeing alone. This involves all voices being valued and contributing to setting direction and making decisions, while collectively designing, implementing, and learning community-based actions.

Time commitment includes:

Logistics will be a challenge for all of us to attend at any given time. We will do the best we can and schedule meetings so we can have good attendance. To accommodate the group some smaller and one on one meetings mat take place for information sharing purposes.

This includes

Meetings will be primarily hosted by zoom with in-person meeting being considered.

The potential for additional meetings, as required or requested.

Meetings may require up to 30mins of preparation time to review any meeting documents in advance.

Membership

Membership will be Municipal and Town/Village council members from the area or designate, a designated RCMP member, AHS support and key personnel, and Marc Boychuk as the community animator.

Guests with unique and pertinent expertise or experiences may/will be invited to attend meetings based on the subject matter being discussed.

Roles & Responsibilities

The Advisory Team will play a vital role in identifying key regional issues steering and guiding and leading through collaborative leadership.

Provide recommendations and insight based on expertise and experience based on topics emerging.

Align decision-making with project principles, including a growth-mindset and community leadership.

Incorporate and respect diverse perspectives

Work collaboratively with other Network members.

Consider the input of the secondary advising groups when requested.

Learn from the unexpected

Grow the Task Force Team's competence in collaborative governance for the future

Decisions on network-specific matters will be made by consensus.

We have had one meeting as a group and several sidebar meetings with select members of the team. Minutes and updates listed below.

Minutes and Action Items

Meeting date: July 19, 2022

Meeting location: Peace River RCMP Detachment

Meeting chairs: Marc Boychuk

Minutes: Marc Boychuk

Name	Organization
David Browne	RCMP
Brianne Nettelfield	Berwyn Town Council
Stacey Messner	Grimshaw Town Council
Kayln Schug	County of Northern Lights Council
Teresa Johnson	MD of Peace
Marc Boychuk	Rural Mental Health Project
Orren Ford	Town of Peace River Council (Absent)

Discussion and Decisions

1. Welcome and introductions

 Marc welcomed the representatives from the attending council members and RCMP. Attendees did a round of introductions.

2. Terms of Reference

- As a group we discussed the terms of reference and accepted them.
 Some key highlights.
- We believe in a community-based approach that bring communities together to set directions, make decision, generate solutions, and tackle implementation of efforts that are meaningful and sustainable to the community.
- We believe that setting direction and decision-making is done best when it is done through collective leadership, as no single person or organization can improve wellbeing alone.

3. Guiding Document

- Marc developed a document to identify some of the main issues around mental health in communities.
- Key highlights include:

- Rural crime and its association with addiction is a complex issue, which requires a complex solution. It is imperative that all orders of government work together to address mental health needs in the community.
- Often, unmet service needs that are officially the jurisdiction of one order of government create problems for another. In our case of municipalities, this is seen through phenomena such as the addictions crisis, homelessness and social service needs that municipalities are forced to respond to when proper funding and programming from other orders of government is not in place.

Through advocacy, research, practice, education, and leadership, we can address the crisis through multiple means.

- Break down system silos
- Work collaboratively with our partners across disciplines, systems and sectors—there is power in the collective.
- Convene the right people
- Clarify purpose. Clarifying our teams purpose—its reason for being is it an ongoing endeavor.
- Cultivate trust. Sustained, authentic relationships are the foundation of all successful collaborative efforts.
- Coordinate actions, by identifying and coordinating work that is already happening, participants can leverage organizational resources, collaborate around common goals, and avoid duplication of efforts.
- Collaborate generously. A generous collaborator assumes positive intent, communicates frequently, and consistently looks for opportunities to work with others in support of shared goals, not personal gain.

4. Key Concern Areas

- Children & Youth
- Suicide Prevention
- Understanding Depression
- Access to Services Must Improve, Especially for Indigenous Communities

- Peer Support. Peers help alleviate some of the pressure on the healthcare system by reducing the need for hospitalization and emotional distress experienced by patients.
- Opioid Crisis
- Need for Coordinated Investments to Promote Positive Mental Health
- Workplace Psychological Health & Safety

5. Working Strategy

- Discussion on what key areas of concerns we would like to work at. We also discussed that the advocating for a local designated site was to be the top priority.
- The team reviewed a report from the City of Airdrie as they ran a similar task force in 2019. Stacey reached out to discuss this with them and a Teams meeting scheduled for Tuesday August 16 @ 1:30 pm with the Mayor, Peter Brown and the Chair, Kim Titus from the Thumbs Up Foundation who were both apart of creating the Mental Health Task Force in Airdrie Home Thumbs Up Foundation (thethumbsupfoundation.com).
- The team agreed to meet back and discuss options after we hear back from this meeting.

6. Next meeting date and time

- A doodle poll will be sent out to determine the next meeting time as the team has decided to meet on a monthly basis.
- Discussion around meeting locations. We will continue this next meeting to finalize a schedule.

Peace Region Mental Health and Addictions Task Force

Meeting with Mental health and Addictions

Aug 2, 2022

Name	Organization
David Browne	RCMP
Brianne Nettelfield	Berwyn Town Council
David Watts	Adult Addiction and Mental Health Area Manager (Outgoing)
Caroline Vielle	Current Adult Addiction and Mental Health Area Manager
Marc Boychuk	Rural Mental Health Project

- 1. David W introduced Caroline to the group as the new area manager.
- 2. Round table and introductions by each attendee.
- 3. David W is leaving for a new role in GP and if he can support our group in any way we are to reach out to him.
- 4. Discussion around local issues and concerns.
 - a. Lack of hospital supports
 - b. Transports of patients to Grande Prairie and Edmonton and their effectiveness.
 - c. No real help for families in distress. Court system Form 8
 - d. Drug addiction
 - e. Mental Health PRAC team and the area it covers.
 - f. App and call supports for members.
 - g. Volume of non-crime related calls and issues around them.
 - h. Lack of supportive housing programs.
- 5. Discussion around current collaborative opportunities.
 - a. Drop in at the shelter. Caroline will reach out to Marissa at Sagitawa about a drop in service. Marc forwarded Marissa's contact information and stopped in at the Sagitawa to inform Marissa.
 - b. Looking at some in house mental health training for our local RCMP staff.
 - c. Marc to forward group contact information to Caroline
 - d. Overall the discussion was very positive with and a good partnership has started to develop.

Action Items Completed

Aug 7 Kalyn and Marc attended a Life after Suicide workshop in PR, it was low attendance but a good conversation.

Aug 16 Stacey and Brianna met with the Mayor of Airdrie and discussed their task force. Update to follow.

Aug 22 Marc was able to meet with the Minister of health and some top AHS officials. I had a great conversation with Chief Medical Officer François Belanger about the BC model of care and observation unit's vs designated sites. BC has 24 Class A Mental Health facilities, 38 hospitals that are schedule B, designated spaces, and 10 Schedule C observation units, smaller rural communities but two larger centers as well, Kitimat and Quesnel. It was the observation units that is where we are following up on.

Aug 24 Orren and Marc met with some members of the Economic and Development board, Carmen G and Brandon D, the discussion was around what is happening with some of those experiencing homelessness and/or addictions in the downtown core and how its impacting the businesses and people negatively. I asked them to write this group a letter of support.

Marc somehow but gladly got connected to the School of Public Health, this is a group of researchers and educators. Attended two workshops so far, Sept 13 it was on Unraveling Community Development-Shifting the Power to Community, and on Sept 27th it was on Social Cohesion and developing and evaluating interventions among public and decision makers. Very small group so lots of conversations and brainstorming. There is bi-monthly meeting like this.

Sept 27, Marc attended the Low-Income Housing group meeting. Here we are looking at local issues around low-income housing and supports. This is a subcommittee from the Aboriginal Inter Agency. Marc has contacted Metis Housing in Edmonton and they are going to start attending. Metis housing has some amazing supportive housing programs that would do well here and help end homelessness. Housing is a long-term solution to many issues our departments have to deal with.

Sept 28, Dave, Stacey and Marc met with Susan Givens and team about psychiatric supports. This meeting was an hour long and could have easily been two-three hours as we still had many questions to ask. We will be having a follow up meeting soon. We were introduced to the new Zone leaders and overall, I believe it was a good start. We discussed the laws and mental health act around form 8s and 10s. We learned a lot about some of the challenges our group will face. There are a few piolet sites they are looking at running so we need to keep advocating for our area. Marni Bercov is also a lady we need to follow up with as she is very well versed on what requirements are needed for a designated site.

Sept 29. North Zone Health Neighborhood meeting. Looking at implementing the Drive Happiness program in PR. This is where people volunteer to drive other to appointments and other important places to help them out. Mostly geared toward seniors.

Next Steps

- Oct 3 Marc is attending the RhPAP Conference in Drayton Valley for Retention and Attraction of Medical Staff. Representatives from Talent Acquisition, Medical Affairs, and Community Engagement will be speaking about what success looks like within their roles and how communities can come alongside to support their strategies and initiatives.
- Oct 19-21 Marc is attending an in person conference in Leduc for the Rural Mental Health Project. Here we will be addressing and trying to brainstorm many of the issues that rural communities face due to less supports than urban centers.
- Oct 31 Marc will be traveling to Toronto for the 2022 Canadian Alliance on Ending Homelessness. This will be an opportunity to connect and see what programs are working well and meet with funders and funding organizations. Marc will also be presenting at this conference and putting on a workshop highlighting community collaboration.
- There are some challenges getting together as a team, working on solutions for those.
- Follow up meeting about psychiatric supports.
- Set up and meet with local hospital leadership.
- Set up and meet with our MLA and MP for information around policy changes for secure places vs designated sites.
- Follow up with the new Economic Development board on downtown businesses and some issues they are facing around mental health and addiction.

We are a small but mighty group and we are all very dedicated to identify and resolve as many issues within our control and influence. We have taken on a very large task that involves several different agencies and high level government, we have already started some great relationships thus far. We will keep moving forward and bring changes and supports to our communities.

Submitted by Marc Boychuk, Rural Mental Health Project
